WHEN WAS THE LAST TIME YOUR CALIBRATED YOUR SPRAYER?? ARE YOU SURE YOU ARE HITTING THE TARGET?? IS THE OPERATING PRESSURE ACCURATE OR ARE YOU UNDER/OVERESTIMATING THE TOTAL AMOUNT YOU ARE APPLYING?? SOUNDS LIKE YOU MIGHT WANT TO ATTEND:

OMAF Sprayer Coverage and Calibration Workshop

Date: **Thursday, September 25, 2014 (9:00 a.m. to 12:30 p.m.)**
Place: **Landscape Ontario, 7856 Fifth Line S., Milton, ON L9C 4W9**
Cost: **$25.00 (includes a manual and light lunch)**

Come to this "outdoor workshop" where OMAF's own Application Technology Expert – Dr. Jason Deveau, will take you through practical steps to help improve the success of your IPM program.

- Jason is an expert in helping horticultural producers increase coverage and improve efficacy and this year, he is bringing his expertise to landscape and arboriculture professionals.
- Jason will take you through sprayer calibration for landscape equipment and show you how to assess and improve coverage in the landscape.
- this 3-hour HANDS-ON workshop is perfect for landscapers and arborists that apply pesticides and fertilizers.

To register – complete the attached form and return to Kathleen Pugliese by fax to 905-875-3942 or email to: kathleenp@landscapeontario.com
